

COSTANZA GIORGI
PORTFOLIO (selected works 2022-2024)

My practice is drawn to the scientific technologies, such as chemistry, biology and physics.
I play rigorously with aesthetics and the content that every material and object have, mutated by processes.
Preservation and Degradation are the focal points of my work.

MOM'S DOMESTICATION
Vacuum sealed bag, strawberry gelatine,
strawberries and thread
2024

“Baba is drying and we are drying
Bendy ugly carrots in the fridge
for months, I judge them.
Too caring to throw them away,
too selfish to eat them
Baba is drying and we are drying”
