

ex-students, staff and teachers, lawyers, diversity officers and students from other universities of art and design. It was supported by two workshops on protocols of care done in the frame of the agents of transformation program, unfling students online, then students and leaders and educators offline in helsinki for the elia biennale 2022. Also supporting this reseach are three short diplomas i followed in Colombia (Mental Health from the Universidad Libre, Environmental Democracy by the Universidad de los Andes and Justicia Constitucional y Mujeres en Abya Yala by the ReddCal). No need to worry, this is not therapy, I had my own sessions that were a parallel work. This work cannot be of course without the precious help of the core team of MTR over these years, and the mentorships of Basil Rogger, Rada Lea, Frank Hyde-Antwi, Ines Klessattel, Jose Malaver, Sebastian Gill, Basil Rogger, Irene Vogeli, Patrick Müller, Katja Glass, and the support of many humans behind me as Nuria Kramer, Luisa Dorado, Clara, Elsa, Lucile, Sam, Dennis, Sarah, Lauren, Ana Galvan, Ias amoras de Autoaguda Tropical, the Feminist Furies from Athens (anonymously protected), my peers from the exchange program, Sophie Voegelé, Patricia Felber, Anja Skerget, Florian Handler and Maria Hansen, Yvette Apsit, la familia Rosales + Caycedo, the countless events from Futuress and their amazing team, and many references I am for sure leaving (not purposefully) behind. This has been a though year +. Here you might find *some* of the ressources that supported this research.
